

**ANNEX 2 TO THE PUBLIC REPORT OF 29 JANUARY 2016**

**Factsheet on WCAM Scheme progress up to the end of week 3**

The table below shows the progress which has been made with respect to the WCAM Scheme up to 25 January 2016. All customers who applied for compensation under the Scheme by the closing date of 8 November 2015 qualify for review of their claims for compensation for mis-selling of insurance. Some customers were also able to apply for compensation on grounds of excessive lending.

**Application and insurance mis-selling compensation**

Application for inclusion in the WCAM Scheme potentially results in a file being created. Each file may include one or two customers, and will be assessed for insurance mis-selling compensation and, if also claimed, compensation for excessive lending. Customers with products qualifying for the WCAM Scheme will be sent a Claim Registration Form (*Registratie van Aanmelding*). When this form has been completed and returned by the customer, the amount of insurance mis-selling compensation to which they are entitled will be calculated.
